

## Yes, we are still going.

Our centres may be under lockdown but they have been turned into food distribution outlets - Masbro + Edward Woods and White City.

We have delivered over 1200 food packages and meals since the lockdown on the 17th March. But this is not just any food this is food with a selection of fresh vegetables & fruit, ready meals, chicken and bacon optional, yogurts, rice and pasta, cakes and soft drinks - this is food donated by Waitrose, Felix project, City harvest & Fairshare.

Pictures attached from Edward Woods show CiCi, Lyn, Patricia and Amel delivering over 55 food parcels from the Edward Woods Community Centre supported by Jude the Community Kitchen Chef and Caesar the Facilities manager. Meanwhile Jacquie is delivering 40 hot meals from Hawkesdown School a private school in Kensington feeding the residents of Edward Woods. You couldn't make it up.

Meanwhile Masbro is delivering 48 food parcels across the Hammersmith area to children and families who attend our Children's Centres and Nurseries. And that is only Tuesday. The rest of the week Masbro delivers to elderly people on Mondays. On Thursdays it is White City Community Centre turn plus ready meals delivered to Edward Woods by Hawkesdown school and Chelsea FC meals to Masbro on Thursdays along with food deliveries to the Springvale estate. Fridays Chelsea FC comes up trumps again with ready meals delivered to White City and Edward Woods.

These are just some of the amazing things we are doing from Skype, Zoom, [Facebook](#), Whats App, [Instagram](#), [Twitter](#) et al and our website [www.upg.org.uk](http://www.upg.org.uk) . Check us out.

It will take more than a Coronavirus pandemic to knock us out.
